

# COMPUTATIONAL MODELLING FOR FUTURE RESEARCH IN GEOENVIRONMENTAL SCIENCES

webinar series

## Webinar 6

### **A/Prof Jonas Latt**

---

Associate professor at the Scientific and Parallel  
Computing lab  
University of Geneva, Switzerland

---

### Topic:

Computational modeling of geophysical and  
environmental processes: introduction to the  
lattice Boltzmann method and the Palabos  
library

December 9<sup>th</sup>, 2021  
9:00 – 10:00 am (CEST)

Further information and registration: <https://www.m2clab.com/cmfrgs-webinars>

### **Contact us:**

Dr Maziar Gholami Korzani, A/Prof Sergio Galindo Torres
