

**Numerical Analysis of Geomaterials**  
**Symposium dedicated to the memory of Prof. Gyan N. Pande**

May 10-12, 2023  
Assisi (Italy)

We are pleased to announce that an International Symposium dedicated to the memory of Prof. Gyan Pande will be held in Assisi (Italy), May 10-12th, 2023. The Symposium will be focused on the Numerical Analysis of Geomaterials. The scope will cover the traditional areas of geomechanics, including both computational and experimental aspects, as well as application to practical engineering problems. In addition, contributions in the areas related to the use of geomaterials in construction (e.g., masonry and concrete structures) as well as geo-environmental engineering are also welcomed.

The preliminary information on the venue and the registration process is provided on the Symposium website: <http://www.nange.info>. This site will be continually updated as new information becomes available.

The participants are invited to submit an extended two-page abstract in MS Word (.docx) or Adobe Acrobat (.pdf) format to [pietrusz@mcmaster.ca](mailto:pietrusz@mcmaster.ca) with a copy to [claudio.tamagnini@unipg.it](mailto:claudio.tamagnini@unipg.it) before **February 1, 2023**. The templates for abstract preparation are provided on the symposium website.

With kind regards,  
Stan Pietruszczak & Claudio Tamagnini  
(Symposium Organizers)
